DEDICATION

The students of Miles Macdonell affectionately dedicate this yearbook to one of their favorite teachers - Mr. R.J. Wilson.

Nicknamed 'Wilson the Wonderful' by his fellow teachers, he has well-earned his title. His knowledge of his pet subject - History - is astounding and his ever-increasing collection of historical 'tidbits' will probably one day result in the publication of a very, very, interesting book. His quiet, modest, and yet stimulating manner in the classroom has won for him friends in every quarter of the school. To both faculty and students, he is the ideal teacher and a fine friend.

We thank him for sharing his knowledge with us, and hope that some of it has managed to permeate our rather 'thick' skulls.

PRINCIPAL'S MESSAGE

June 4th, 1963

To promote education it is a common practice to advise young people that one day in school is worth a certain number of dollars, or that a good position may be obtained in business or that one's social status is enhanced by education.

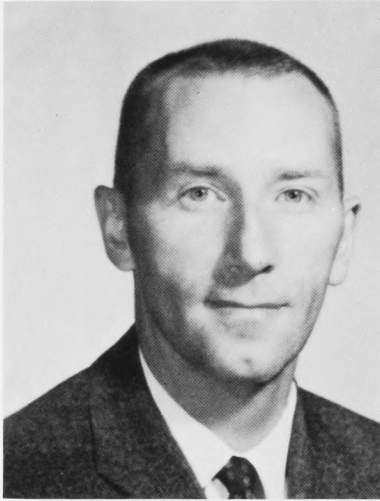

These incentives are sometimes successful, but a person is not truly educated who is motivated in his or her education by one or more of these objectives.

The incentives which will make a person truly educated are - a thirst for knowledge, and a striving to understand the world and the people on it. This can be done by the study of works of great writers, scientists, mathematicians, historians, psychologists and linguists. This striving to understand as much as possible is not confined to one course of study. It applies to academic subjects, and to subjects requiring special skills. The study of Commercial or Industrial areas, along with the Academic, will be a rewarding pleasure.

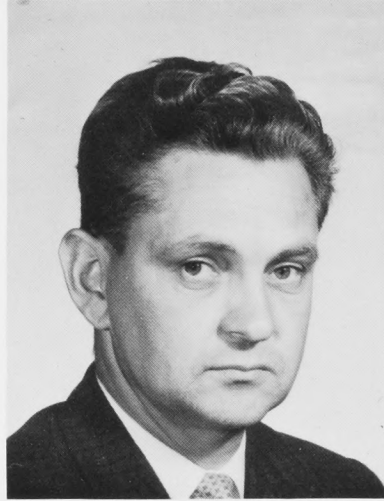

The greatest rewards for furthering one's education are the feeling of understanding, the feeling of being useful to others and, what every human being craves, the feeling of being needed because of one's knowledge and skill. These are the incentives, the inner drives, which will motivate to true education.

STUDENT COUNCIL EXECUTIVE

LEFT TO RIGHT: Neil Taylor, Vice President; Barbara McGregor, Treasurer; Linda Walker, Secretary; Wayne Eliuk, President.

PRESIDENT'S MESSAGE

It is unfortunate that everyone cannot be a high school president because as such one learns things one could never learn anywhere else or in any other way so rapidly. Not gigantic things! Not secrets to success or to infinite happiness - but little things; important little things. Many of these little things can also be learned by simply being active and co-operative during your high school life. Being active not only socially, but also academically, sports-wise, and club wise. Being co-operative not only with your classmates, but with your teachers, your principal, your clubs, and your committees. In a high school the size of Miles Mac co-operation and

a sprinkling of friendly competition are the essences of success.

I am very grateful to those who let me be president this year and to those who helped me be president. Everyone made 1962-63 a good year but in particular Neil Taylor, Linda Walker, Barbara McGregor, the student council, the committee chairmen and the club presidents deserve well-earned credit. Mr. Meadows, the student council's teacher advisor and all teachers who devoted their time to extracurricular student activities also are to be praised.

Naturally, many of you will never return to Miles Mac. I wish you, in particular, the finest future with only the minimum of tragedy and the very maximum of happiness. Someday, you will look back into this yearbook and you will remember Miles Mac and then you will know your years here are among the most memorable in your life.

Wayne Eliuk
School President 1962-63

The Yearbook Staff has worked hard to make this Yearbook a success and we hope you enjoy reading

"THE 1962-63 MACADONIAN"

As another school year ends I am sure that all the pupils will leave this school a year older and perhaps a year wiser. To some of you the end of this year will be just the start for the next school year. For others, however, this may mean a start in the business world. Which ever you may be, the best of luck to you all.

The year that has just slipped by brought many changes not only to the school but also to the world. It was a year that almost saw World War III break out - a year which saw Russia orbit twin space travelers - and a year in which the Canadian people had to go to the poles twice to elect a government. Closer to home, it was a year which saw Melrose High School become a part of Miles Macdonell Collegiate. This was a year we spent at Miles Mac. To help you remember your year we present to you your yearbook, the MACADONIAN.

CTIVITIES

SEATED, LEFT TO RIGHT: Grant Lemon, Dana Stewart & Mr. R. J. Wilson.

M.U.N.A.

M. U. N. A. is the popular name of the Model United Nations Assembly. It is an unusually successful combination of youth service project and of an international service project, organized by the Rotary Club of Winnipeg, Canada.

M. U. N. A. is what the title suggests - an attempt to reproduce the United Nations itself - in a locale far from its headquarters in New York. Each nation that holds membership in the U. N. is represented by a pair of Grade XII high school students. These students are selected, sponsored, and sent to Winnipeg by Rotary Clubs in cities and towns in the Northern United States, Western Ontario, Saskatchewan and Manitoba in Canada.

This year Miles MacDonell's delegates to M. U. N. A. held April 19 and 20 at Grant Park High School, were Dana Stewart and Grant Lemon. Dana and Grant, counselled by Mr. R. J. Wilson, represented the Controversial Country of Syria, a member of the Asian bloc.

The assembly, highlighted by various walkouts, the first being led by our Syrian delegates, and many protests, was concluded by a formal banquet and dance at the Royal Alexandra Hotel where all the Delegates and their counsellors had the honour of being addressed by His Excellency Micheal Comar, Israeli Ambassador to Canada.

This year's Echo, under the capable guidance of Hugh Stephens, Editor in Chief, has been bigger and better than ever before. It was enhanced by a number of new Editions - a colored heading, displaying our proud green and gold, an exciting cross-word puzzle, and a "Suggest-a-poll" which allowed students to express their opinions on controversial issues around the school being just a few. Free Echos to classes obtaining perfect sales and Penny-May-Days when a paper was available for a penny were other new features begun. Many people helped make the paper a success this year. Our sincere appreciation goes to Miss Newton, our teacher sponsor, for the help she has given us this past year.

This was the second year the school radio was in operation. A new item that we added to the M. M. C. R. broadcasts was the dedications. This turned out to be quite successful.

The club provided MC's for the Variety Concert. The announcers for the basketball games were members of the Oratorical Club. The club had a very successful year, including debates, and visits by well-known speakers.

THE WINNIPEG SYMPHONY ORCHESTRA VISIT

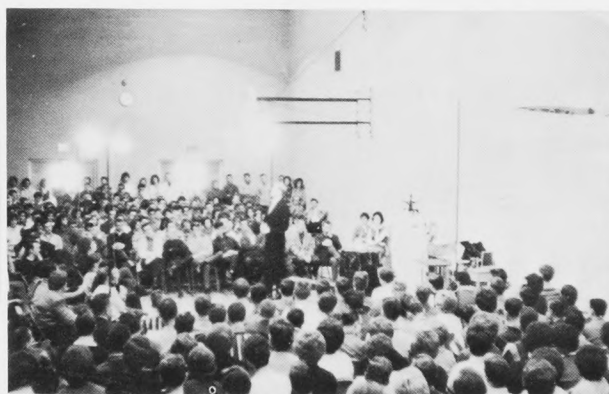

The W. S. O. under the direction of Victor Feldbrill

On January 24, the Winnipeg Symphony Orchestra paid a visit to Miles Mac. As could have been expected, many students didn't really appreciate their coming until they actually came. Upon their visit, students who thought they would fall asleep as the concert progressed found themselves enjoying every minute of it.

The visit was largely due to the efforts of Mr. Meadows and Mr. Scarrow and the East Kildonan School Board.

The visit was sincerely enjoyed by everyone in the school, and when the concert was over, Victor Feldbrill and his excellent orchestra received a standing ovation.

THE MANITOBA THEATRE CENTRE VISIT

On February 21, Manitoba's unique Theatre

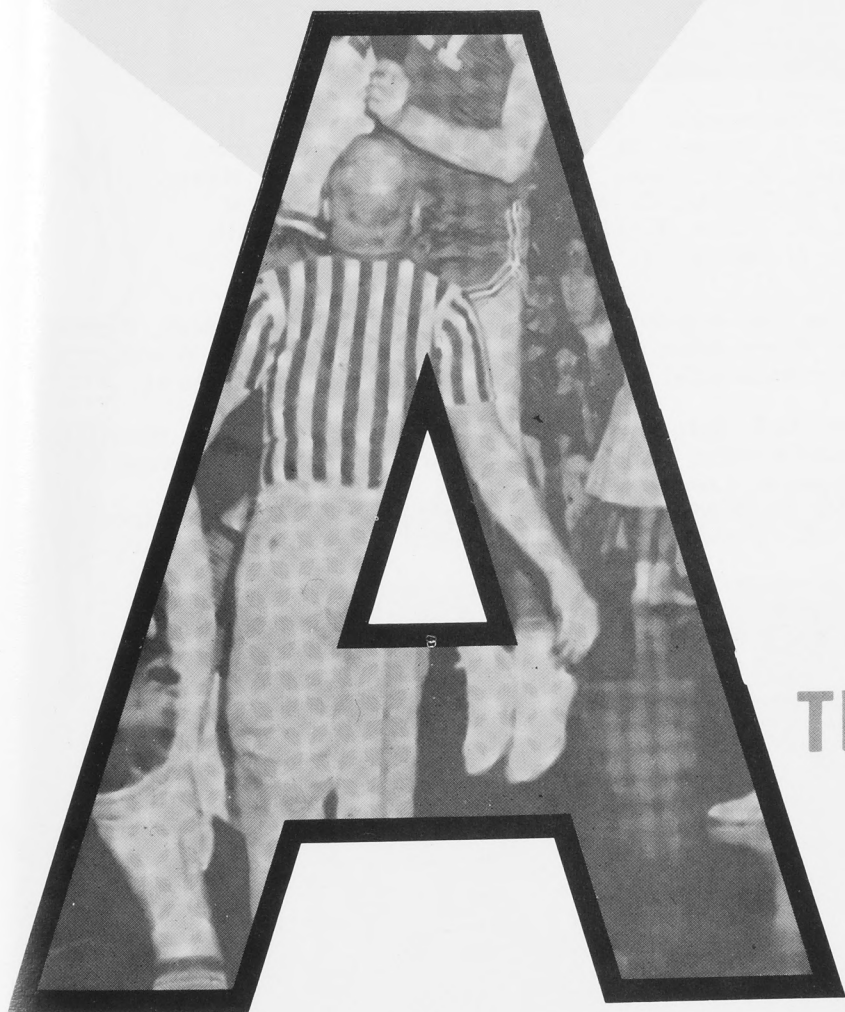

Center visited Miles MacDonell. In their company was included Len Cariou, a former student of Miles MacDonell, Eric Donkin, and Maureen Fitzgerald.

The Theatre Centre presented a hilarious programme of light material to everyone's amusement.

Thanks again go to Mr. Meadows, Mr. Scarrow, and the East Kildonan School Board for bringing the players to our School.

Their visit was one that will long be remembered. Miles Mac can certainly be proud of Len Cariou who received part of his Education under the same teachers as we, the students of 1962-63, are receiving ours.

MILES MACDONELL COLLEGIATE

The youthful enthusiasm and energy of the 21 Junior Council groups and the 17 Junior Executive groups, (they started in 1946) we have been privileged to work with has kept us very much in touch with the needs and desires of the High School students in Metropolitan Winnipeg. The representatives each year have been of outstanding calibre, and we are particularly proud of the 1962-1963 twenty-six Junior Executives and twenty-nine Junior Councillors, many of whom have achieved academic and other distinctions.

Chosen for high academic standing, personality, and interest and participation in student activities, through practical experience in selling and informative discussion in their weekly meetings, they learn the fundamentals of modern retail business methods and merchandising.
